Point to the window, (point) point to the door (point)
Clap your hands together, 1, 2,3 (clap)
Put your hands upon your knee (action)

ACTIVITY WOOLLY DOLLIES

1. Cut out the template on this sheet and trace around it on to a piece of thick card.
2. Using odd balls of wool, wind the wool round and round the arm part of the template 12 times and then tie wool around the ends for hands. Repeat for the legs and feet.
3. With the body, wind the wool round and round the template 24 times and then tie wool around the top for the head.

Use your dollies for a display or let the children play with them supervised. Be careful that the children do not put the dolls into their mouths as the wool may come out.

This is good for a very small group activity, as winding the wool round can be quite easy to do.
